If you are unable to pay the estimated balances out-of-pocket or you need additional loan funding to cover your costs (tuition or living expenses), the Federal Graduate Plus Loan and Private Loans are additional loan options that require credit approval. Please visit bit.ly/gsep-loans for more information. Students may use these loans annually to cover the additional indirect costs included in the estimated cost of attendance (COA) such as books & supplies, room & board, transportation, and personal expenses. Please visit our [COA webpage](#) for more information.

Reminders:

- Cost/unit is based on the 2022-2023 academic year. The cost/unit is anticipated to increase every fall term.
- If you used a portion of the Federal Stafford unsubsidized loan in a previous institution within the same aid year, you will not receive the full \$20,500 Federal Stafford unsubsidized loan at Pepperdine for the remainder of the aid year.
- Books and supplies are not included in this estimate.
- The Federal loan fee will change every October 1st.
- The course sequence above assumes no courses are failed, dropped or withdrawn from, and no leave of absences are taken by the student.
- Pepperdine scholarships awarded will reduce the student's estimated balance per term.
- All financial aid and transcript requirements must be met before any financial aid can be applied to the student's account.
- Subject to change without notice.
